

## THE NUTRITION MISSION - WEEKEND BACKPACK PROGRAM 2024-2025 SURVEY RESULTS

---

The Nutrition Mission undergoes an annual program evaluation each spring. The charts below represent the data collected from the 2024-2025 academic year results. During the 2024-2025 academic year, The Nutrition Mission reached a record high enrollment of 300 students (ages 1-18) in the Clintonville School District. This includes both public and private schools. The data below represents 56 students and/or parental figures who completed the survey by May 2, 2025. We asked that one survey be completed for each child enrolled in the program. Participation was incentivized with a randomized drawing to win a Kwik Trip Grocery Card and a Crock Pot Slow Cooker.
